KINGHAM

CLINICAL SERVICES

Capability statement

Independent paramedic contracting and clinical education for healthcare organisations and specialist providers.

Paramedic contracting

Engage Stephen as a locum or subcontracted paramedic for primary care, urgent and community care, or planned inter-facility transfers. On transfers he works under the contracting ambulance provider's clinical governance. Medical repatriation and flight escorts are subject to clinical suitability, agreed scope and any required clearance.

Clinical education

Face-to-face education includes basic life support, anaphylaxis response and out-of-hospital adult immediate life support skills. Agree learner roles, group size, delivery and any completion evidence before booking.

Registration and governance

Stephen Kingham is the sole director and an HCPC-registered paramedic (PA059108). Agree clinical responsibilities, equipment, escalation and insurance evidence with the commissioning organisation before an assignment.

Discuss an engagement

Email hello@kinghamclinicalservices.co.uk with your organisation, service, proposed dates and location. Keep patient-identifiable information out of the initial enquiry.
